

Agenda

Session 1

9h30 **Presentation of the objectives of the WS** (*POLITO*) (30 ‘)
Technical Notes and Deliverables tickler

WS1.1 Identification and characterisation of the EU energy corridors

10h00 Definition of structure and content of the two Reports (D2.1 & D3.1) (*DLR*) (30’)

10h30 Coffee Break

10h45 Commodity DB, GIS representation and spatial indicator sets (2.5 h)
(Presentation by WP2 and WP3 Task Leaders, Coordination by DLR)
(Each presentations must involve all the topics of the commodity)

3h15 Lunch

WS 1.2 Externalities and probabilities to be used in modelling tools

14h00 Methodologies and data bases (EXTERN-E, NEEDS, ...) (2 h)
(ASATREM, KANLO, POLITO ?)
 Results of the tests performed on selected routes (*F-UNED, NTUA-EPU*)
 Adoption of working plans

16h00 Coffee Break

WS 1.3 Climate change and other long term risks evaluation methodologies to adopt in the modelling tools

16h15 Methodologies and data bases (ASATREM, KANLO, POLITO ?) (2 h)
 Results of the tests performed on selected routes (*F-UNED, NTUA-EPU*)
 Adoption of working plans

18h00 End of the Session 1

Session 2

(with the participation of the members of the Advisory Board)

9h30 **Summary: progress report and draft decisions** (*POLITO*) (30’)

10h00 **Progress on Reference Energy Corridor (REC) modelling (Part 1)** (1 h)
(VTT, ASATREM, KANLO, POLITO)
Energy corridor modelling for captive and non captive routes

11h00 Coffee Break

11h15 **Progress on Reference Energy Corridor (REC) modelling (Part 2)** (1 h)
Integration of REC with the existing and the new integrated model

12h15 **Progress in the panEU27+ and TIAM TIMES adaptation activities** (1 h)

13h15 Lunch

14h15 **Coordination with other projects** (*POLITO*) (1 h)

15h45 Coffee Break

16h00 **Conclusion and adoption of work plans** (2 h)

18h00 End of the Session 2
